 - Can be updated and changed as needed
 - Every student to feel welcome and have an attachment to an adult
 - Students are literate and have better literacy interventions

3. Concerns from Parents:

- Concern over discrimination in school regarding masks and vaccinations. Feel like the letter that Trustee Jim Ralph sent out from the division settled concerns.
- What does the future look like in regards to needing to be vaccinated to participate in field trips, sports, or even to attend school? Can't predict. It will depend on the activity and location. Emphasis on making sure the events are communicated and everyone involved will know what is required before committing to participating.
